

# OCHO CASCADAS

*Bienvenidos!*

*The New Ocho Cascadas Grand Upper Lobby and Two Stage Elevator to all Villas*

# A Resort Born from Romance

Ocho Cascadas is an architectural icon of the Gold Coast of Puerto Vallarta. Romantically nestled in the jungles above the beautiful beaches of Conchas Chinas. "Ocho" received the highest architectural award in 1981, the A.I.A Honor award, and has been a traveling connoisseurs destination ever since. Open air villas with panoramic views of the majestic Bay of Banderas. Recently enhanced with a new lobby and elevators inviting you to your private villa, Ocho Cascadas is the most exotic destination in Mexico. With only nine available Villas, time is of the essence to capture your romantic get away!

The late and famed architect of Newport Beach, Edward Giddings created Ocho Cascadas as an exclusive and romantic refuge where one can breathe in all the beauty of Mexico and live as part of an art form. He was a man of uncompromising belief and his vision of architecture transcended time where Ocho Cascadas truly became his masterpiece. His use of indigenous materials, free form architectural design, which created a oneness with sea, sky, and surrounding jungle to provide a magical experience. Ocho Cascadas is the culmination of Edward Giddings architectural talent and artistry and now the dream continues for a select few.

Ocho Cascadas was a dream come true for Ed and myself. To transform the cliff side into a beautiful flowing resort that has pools cascading from one to another amongst the tropical jungle is something only few could imagine. He really wanted people to feel like they were amongst nature but in a luxurious and exotic way. I feel very privileged to have been part of the adventure creating his vision with him. I am also so excited that we taken his masterpiece and have enhanced it and brought it up date and have made what was great even better! Ocho Cascadas lives in my heart and it is a true blessing to share the mystique and magic with others.

*Patricia Giddings*
