

Dear Member:

We would like to thank everyone for their cooperation and understanding during these uncertain times. On January 12, 2021, a new order was issued by the CDC and as information continues to come in and evolve, our Team will continue to work diligently to gather the most current data in order to provide you with the most comfortable and straightforward testing experience possible

For the complete CDC order, please click below.

<https://www.cdc.gov/coronavirus/2019-ncov/travelers/testing-international-air-travelers.html>

For your convenience we have arranged to provide testing on property during you stay with us. For owners/guests checking out and having a return flight on Thursday, it is recommended to have the test taken by Tuesday morning 9:00 am to prevent any delays, you should request your test by calling front desk to make your appointment if you are departing any other weekday 2 - 3 days prior to your departure.

Genomic Lab

“SARS-CoV-2 RNA”

\$195USD you can pay with a credit card, (not American Express) or cash

Results are ready the same day if the test is taken early in the morning, or next day if the test is taken later in the day.

“SARS-CoV-2 ANTIGEN” (This test only accepted by the US not good for Canada)

\$45USD you can pay with a credit card (not American Express) or cash.

Results are ready within 4 hours the same day if the test is taken early in the morning which is our recommendation.

Any member who has tested POSITIVE and is required to quarantine at our resort will be subject to **STRICT POLICY** of quarantine.

We appreciate your patience while we work on these strategies and continue to provide the quality medical attention you have come to expect from us.

Best Regards,

Ocho Cascadas
